## Total Enthalpy Core Energy Recovery Ventilator, Model MC-5, with Vari-Green Motor

---

The MiniCore is a total enthalpy core energy recovery ventilator for commercial and institutional applications.

The compact design makes it ideal for applications where both sensible and latent energy transfer is necessary. Units include a Vari-Green® motors providing additional energy savings with a highly efficient motor technology.

- Energy recovery core certified to AHRI Standard 1060
- Single-point wiring
- Speed controllable with a motor potentiometer or a 0-10 VDC Signal
- Energy efficient, Vari-Green motors

### Performance Characteristics

---

No Fan Curve Available.
