HVLS Fan, Model DS-3, Low Voltage 208/230/277v, 24 ft diameter, 3-blade, Fan Performance up to 176,900 CFM

DS-3 is a three-blade, direct drive overhead fan designed for commercial or industrial spaces with medium to high ceilings. These economical HVLS fans are the ideal balance between cost and performance, making them a smart choice for budget-conscious building owners. Plus, with a lighter weight than comparable overhead fans, the DS-3 is a breeze to install in any building.

- •Plug-and-Play
- •Safety Retention Cables &Guy Wires
- ●Impact &Over Speed Detection
- ●Electrical Safety Systems
- ●10-year Warranty

Certifications

AMCA Circulating Fan Performance CSA Certified UL/cUL 507

Performance Characteristics

No Fan Curve Available.

Construction Features

Drive Type	Direct Drive
